

mysuilvision

Low cost ANPR cloud SOLUTION

No software install. Access through Cloud
or SDK

Database offsite Secure Servers

Multiple user Log in

Works with all Suilvision Cameras

The Dashboard allows users to view Live Feeds, functionality, data as real time figures, reports or charts and quick navigation links to the system as required

The screenshot displays the mysuilvision dashboard interface. At the top left is the logo 'mysuilvision'. On the right, there is a user profile for 'GLENCO/alan' with a 'Log Out' button. Below the logo is a vertical sidebar with navigation icons for Dashboard, ANPR Server, Analytics, Access, Alerts, Map, and Organisation. The main content area features three live feed windows and one alerts window.

View on figures of interest and charts in real time

The ANPR Server page provides the full history of all the ANPR events across your estate. With built in search facilities it is easy to find & track vehicles across a number of sites within specific dates.

Recent Alerts will be displayed which include, overstay, visitors, hot list vehicles and also custom alerts set by user

The screenshot shows the 'ANPR Reads' page in the mysulvision system. It features a sidebar with navigation icons for Dashboard, ANPR Server, Analytics, Access, Alerts, Map, and Organisation. The main content area displays a table of ANPR reads with columns for Record Created, Event Type, Confidence, Alert Category, Vehicle, Location, Direction, Asset Name, Asset Description, Country, Plate Colour, and Vehicle Colour. Below the table are three panels: 'Overview Image' showing a car at a barrier, 'ANPR' search with a 'Find Plate' button, and 'Recent Alerts' listing various flag alerts with details like alert type, plate number, location, and time.

Record Created	Event Type	Confidence	Alert Category	Vehicle	Location	Direction	Asset Name	Asset Description	Country	Plate Colour	Vehicle Colour
09/05/2019 12:13:46	ANPR_NL	99		CA58GZK	Staff In	Towards	Staff In Camera				
09/05/2019 12:11:03	ANPR_NL	98		MX59AHG	Staff In	Towards	Staff In Camera

09/05/2019 12:06:00	ANPR_NL	96		MX65DPZ	Visitor In	Towards	Visitor Entry Camera				

Full Access Control with built in barrier control, white list, hot list, visitors, staff. Drivers names, vehicle makes, multiple time scheduling, e mail alerts.

This screenshot shows the 'User Access' and 'Vehicles' management sections. The 'User Access' table lists users like John Smith, Kate Smith, Julie Helmsworth, and Peter Jenkins, along with their user groups and access permissions. Below it, the 'Vehicles' section shows a table for vehicle registration, make, model, and colour, with an 'Add' button for new entries.

Name	User Group	Access From	Access To
Select John Smith	painters		
Select Kate Smith	HEYWOOD CONTRACTORS		
Select Julie Helmsworth	Sulvision Visitors		
Select Peter Jenkins	Sulvision - Heywood Staff		

Full Reporting suite with preset common formats along with full customisation ability. Download, print or save instantly in all common formats, PDF, Excel, word etc.

The screenshot shows the 'New Report' interface with a list of report options. Each report has a name and a brief description of the data it provides.

Report Name	Description
Accompanying Vehicles	Specific plate and vehicles seen within a given an interval around sightings
Matched IN and Out Car Park Reads	Vehicle stays over a limit with matched in and out entries
Unmatched Car Park Entries	Vehicles without matching out read over time limit
Daily Car Park Statistics	Daily car park reading statistics
Hourly Car Park Statistics	Hourly car park reading statistics
Site Visit Statistics	Site/vehicle visit statistics
Detailed ANPR	Imaged ANPR
Vehicle track map	Track of vehicle over time on a map
